

## Energy

Energy drives our nation forward. It's a critical industry where challenging risks abound and clients demand a deep understanding of their operations. We have specialized knowledge, extensive experience and an in depth understanding of the challenges and unique insurance requirements of the Energy Industry. That's why agents and brokers turn to WestCongress to address their Energy insurance needs.

Our program specializes in niche segments within the Oil and Gas, Utilities and Petrochemical space. Our focus is on land-based contractors across the Energy industry. We offer Commercial General Liability and Excess Liability coverage, as well as wide array of coverage enhancements.

### Program Highlights:

- Nationwide coverage (Ex. AL, IA & MN)
- Tailored coverage to meet or exceed industry requirements
- Centralized submission, processing, placement and servicing
- Broad risk appetite
